Career Services

- Ranked #17 in "Best Career Services" by  in 2018
- Provides International Students with the opportunity to relate their majors to a variety of career choices
- Campus visits from IBM, Chase Manhattan Bank, PricewaterhouseCoopers, and similar organizations to interview students for CPT and OPT opportunities.

STEM

- Our STEM Programs are designated by the Department of Homeland Security to be eligible for the 24-month extension of Optional Practical Training for F-1 students.

Student-Faculty Relationships

- A student- faculty ratio of 16:1 ensures greater opportunity for students to engage in classroom discussions, provides one-on-one contact with professors, and creates opportunities to collaborate with them in their labs.
- Small classes give students the opportunity to engage in hands-on research and service learning.

State of the Art Resources

- Bergami Learning Center for Finance and Technology provides students access to Bloomberg Professional™ real-time trading information and hands-on financial management experience.
- The Integrative Materials Discovery lab gives students the opportunity to pursue research in the design of biomass conversion catalysts, cancer-therapeutic drugs, and drug delivery vehicles.

School Size

- As a smaller university, faculty are able to mentor and guide students, connect them to their networks and prepare them for a successful career

International graduate students are considered for scholarships or fellowships at the time of the admissions decision. All scholarships are merit-based, and students must submit GRE or GMAT if applicable.

Provost's Assistantship

This highly competitive program grants two types of work opportunities for new full-time domestic and international master's students enrolling at the University of New Haven. Our highest achieving incoming graduate students are offered a Provost's Assistantship. Students selected for a position in this program will work up to 15–20 hours per week (550 total hours per academic year) for an academic department. In return, students will receive:
